

# Thessaloniki Sustainability Summit

## “Recording and Reporting the SDGs”

September 15<sup>th</sup>, 2021, Thessaloniki, Greece

The 2021 “Thessaloniki Sustainability Summit” aims to bring together scientists, local authorities, politicians, entrepreneurs, and other stakeholders to discuss the very significant issue of identifying, monitoring, recording, and reporting the parameters that define the progress in the implementation of the Sustainable Development Goals. The topic of the summit “Recording and Reporting the SDGs” is in accordance with the Agenda 2030 and the United Nations’ Sustainable Development Goals (UN SDGs) as well as the European Green Deal. The 2021 “Thessaloniki Sustainability Summit” will comprise round-table discussions focusing on subjects of interest. The participation of scientists, government officials and other stakeholders from various countries, promises high-level panels expected to lead to interesting conclusions and outcomes.
