Important instructions for the preparation of the learning agreement

1. You have to select at least two English courses offered from our school. The list is available on the English version of the website
2. You have to select courses from the School of Political Sciences that amount to at least **50% of the total ECTS** (e.g you cannot select only two English courses from our school and all the rest of the courses to be from different schools).
3. If you include courses offered in Greek from our school, please contact the professor beforehand and arrange the method of your evaluation.
4. The Greek as foreign language courses can be included on your learning agreement, but do not count towards the total number of ECTS.
5. We accept learning agreements with a total of 30 to 35 ECTS. If you include language courses, obviously the number will be higher, but it does not count towards the total
6. You can revise the learning agreement within 30 days upon your arrival.

Looking forward to welcoming you in Thessaloniki!
